

Join us for your Legal Traineeship (*Wahlstation or Anwaltpflichtstation*) at Lextract – The Legal Tech Engine for M&A

Munich | Hybrid/Remote | Unpaid traineeship – pays off in skills, exposure and insight.

About Lextract

We are a Munich-based legal tech startup supporting leading law firms in M&A and private equity transactions. Our AI-driven software automates legal due diligence and turns complex document reviews into structured, digital insights.

What you'll experience

- Cutting-edge technology at the intersection of law and AI
- Prompt development and client enablement for smart, automated workflows
- Client interaction with top-tier law firms (B2B SaaS context)
- Shaping the digital future of legal work in transactional law

Requirements

- First experience in M&A (e.g. through internships or law firm work)
- Curiosity for tech and automation (no prior coding or tech skills required)
- Solid English
